- Transport:** Bus leaves: WGHS (Bus Bay, Located on Lupton Ave) 9am (please be there by 8.45am)  
Taurikura - 2pm (arrives at WGHS approx 3pm)
- Activities include:** Abseiling, kayaking, musical activity, tramping, overnight rustic camp, fire lighting.

Year 10 students will be attending a three-day activity camp designed to facilitate the beginning of their journey into the senior school. This camp will include one night at each location. We as teachers regard this experience as a hugely important part of the students' holistic education. Challenging these students in unique environments will provide clear opportunity to encourage and celebrate growth which can be utilised as senior members of the school. The programme focuses on the development of group co-operation, interpersonal skills and leadership through a range of challenging activities.

There is an equipment list on the following page. Girls will need to bring a packed lunch for the first day. On the day the girls tramp they will take a small (school bag size) day pack each to carry spare clothing & food / water etc. The remainder of their equipment will be transported to the beach camp location in vans. Students may bring their cellphones, however these (as well as ipods / ipads & music devices etc) will be handed over to the teachers on arrival at the camp, and given back once students get on the bus to go home. Go Pro and other cameras are fine to bring.

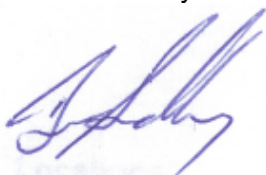

Please complete the Year 10 camp On-line Permission Form (link below) and arrange payment by **Friday 19<sup>th</sup> October**. *This link can also be found on the school website.*
